Handbook Highlight

When a child contracts a communicable, contagious disease, the Health Department advises treatment by a doctor and requires that the child remain at home during the acute stage of infection. A student who had contracted said disease must bring a note stating that the child's doctor has approved the return to school. After an illness, the student should be fever, rash, vomit, and diarrhea free without medication for 24 hours before returning to class. If a child is absent for 3 or more days, they must have a Dr. note to return.

Kudos and Congrats:

- Heartfelt gratitude to our teachers who welcomed our families during our back to school night
- Special thanks to all the parents who attended back to school night, we appreciate your commitment & support
- Congrats to our Top Dog readers who read books over the summer and set a letter or postcard

Virtue of the month: Kindness

"Now then, please swear to me by the LORD that you will show kindness to my family, because I have shown kindness to you. Give me a sure sign"

Joshua 2:12
